WHEAT AND OAT CROP JEOPARDIZED BY CONTINUED RAINS FOR THE PRESENT MONTH. ROADS ARE IN BAD SHAPE.

The rainfall registered at the local observatory up to noon Saturday was 4 inches, which makes the rainfall for this portion of the month 4.90 inches. For the past six days it has rained every night accompanied in many instances with hail and sharp lightning and the wheat and oat crop in this vicinity has suffered severely.

The rainfall for the year as registered here has been by months as follows:

	Inches
January	11.50
February	0.00
March	2.61
April	5.40
May	5.51
June—to noon Saturday	5.93

Total . . . . .20.95

Rain has been pretty regular during the present month, rain having fallen on the following dates: 4, 5, 7, 8, 10, 12, 13, 14, 15, 16 and 17.

The question of saving the oat and wheat crops is one that is causing the farmers in this section considerable worry, harvest had just fairly started when the deluge came and much of the crop will be ruined in the fields.

### SUPREME COUNCIL MYSTIC ORDER VEILED PROPHETS.

Detroit, Mich., June 19.—Detroit became an enchanted city today. Grotesque costumes filled its streets. Varied noises, from tinkles to crashes, sounded unfamiliar notes in busy business districts. These spectacles, however, were only the advance guard of a series of day and night demonstrations which are expected to make history for the Michigan metropolis. Detroit is to be Mardi Gras city until Wednesday night. It is host for the convention of the supreme council of the Mystic Order of Veiled Prophets.

Shadukimi Grotto, No. 49, of Detroit, spent weeks preparing for coming of mystic ones. Many entertainments have been arranged but the vital attraction—"The Night of Revels"—claimed leading consideration. It will be staged tomorrow night as the climax of eccentric gaiety. It is to be a feast of color, noise, light and revelry, say the committeemen who have been praying for seasonable weather.

The whole convention revolves about this singular night demonstration. It is to take form as a parade in which about 5,000 delegates, grotesquely costumed, are to participate. While the prophets are surging through the principal streets of the city, fireworks are to be touched off from the roofs of skyscrapers in the business district. One pyrotechnic feature is the reproduction of Niagara Falls. Batteries of search lights, flash lights, flashing through billards of confetti, will help turn the line of march into a land of seeming fire. The parade is to disband at Grand Circus park, in the heart of the city. What may happen after that—well, no lodge official had the courage to forecast.

On Wednesday another parade is to take place. This spectacle is to be of a serious nature, however. Floats reflecting the industrial, financial and artistic development of Detroit, will proceed along Woodward avenue. Prizes will be awarded to the most attractive displays. The parade will be of four groups—industrial, floral, allegorical and grotesque. A suggestion bureau was opened in Detroit to enable interested parties to obtain ideas for their displays.

## MILITIA OF EVERY STATE CALLED OUT

PRESIDENT ISSUED CALL SUNDAY EVENING FOR ALL STATE MILITIA FOR SERVICE ON MEXICAN BORDER.

Washington, June 19. — Secretary Daniels Sunday night ordered several additional gunboats and other small craft on both east and west coasts to Mexican waters.

Washington, June 19. — President Wilson has called out the militia of every state for service on the Mexican border.

Funston to Dispose of Troops.  
The proportion of the militia which will actually be sent to the border has been determined upon by the war department. A statement was issued late Sunday night showing just how many troops from each state will be taken into the federal service. In announcing the president's decision late Sunday, Secretary Baker said the militia would be sent to the border wherever and as fully as General Funston determined them to be needed.

Statement of Baker.  
Secretary Baker issued the following statement:

"In view of the disturbed conditions on the Mexican border, and in order to insure complete protection for all Americans, the president has called out substantially all the state militia and will send them to the border, wherever and as fully as General Funston determines them to be needed for the purpose stated.

"If all are not needed an effort will be made to relieve those on duty there from time to time so as to distribute the duty.

"This call for militia is wholly unrelated to General Pershing's expedition and contemplates no additional entry into Mexico, except as may be necessary to pursue bandits who attempt outrages on American soil.

"The militia are being called out so as to leave some troops in the several states. They will be mobilized at their home stations where necessary recruiting can be done."

Organizations of the militia and National Guard called on by telegrams to the various governors with places of assembly designated, follow:

Taking Him Down a Little.

A somewhat conceited clergyman, who was more celebrated for the length of his sermons than for their eloquence, once asked the late Father Healy what he thought of the one just preached. "Well, sir," replied the humorist, "I like one passage exceedingly well." "Indeed, Father Healy, and pardon me for asking which passage you refer to?" "Well, my dear sir," replied the wit, "the passage I refer to was that from the pulpit to the vestry room."

Bowel Complaints in India.

In a lecture at one of the Des Moines, Iowa, churches, a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.
